Clay Springs Fire Update ~ 7/11/2012

***NOTE- This is the final update unless significant activity occurs.**

Start: 06/27/2012@2:15 p.m.

Location: Oak City, Utah

Jurisdiction: State, Forest Service, BLM

Cause: Under investigation

Size: 108,132 acres

Fuels: Timber, grass, brush, pinyon pine, juniper, mixed conifer

Observed Fire Behavior: Running, torching, long-range spotting

Assigned Resources: 2 crews, 1 helicopter, 3 engines, 3 dozers, 1 water tender, misc. overhead. Total personnel 83

Injuries: 2

Containment: 94%

Estimated Containment: 7/13/2012

Remarks: Management of the fire has been returned to the local unit. Fire suppression repair is continuing along containment lines to restore the land and minimize the impact of suppression efforts. This includes water bars in dozer and hand lines, scattering of chipped vegetation, fence and water line repairs.

Fire managers are reminding everyone to be extremely careful with fire and follow the statewide fire restrictions.
